

CTI33 | Climate controller with curves and 6 ventilation stages

DETAILS

- It allows to manage ventilation, heating, cooling, alarm, timing, air inlets, curtains, counters, lighting and curves.
- It has 6 ventilation stages easy to set according to temperature. Dynamic ventilation for tunnel buildings.
- It has a curves system with 6 points easy to set.
- The minimum ventilation can be done by 1 or 2 ventilation groups.
- It controls individually a group of air inlet and a second group of curtains.
- Timing for ventilation and cooling.
- It has 2 counters for water and feed.

TECHNICAL SPECIFICATIONS

REFERENCE	CTI33
INPUTS	3 Temperature probes 1 Humidity probe 2 Digital inputs
OUTPUTS	9 Relays 3 (0-10V) outputs
VOLTAGE	230 V – 50/60 Hz
MEASURES	226x195x106 mm (6A) 226x220x106 mm (15A)
IP PROTECTION	IP55
NORMATIVES	89/392/EEC – 73/336/EEC – 73/23/EEC

CHARACTERISTICS
