

# RM16 | Manual controller for 16 heating pads

## DETAILS

- Single phase manual voltage regulator for heating pads.
- Specially designed to control individually up to 16 heating pads.
- Signal light to indicate the on/off state for each pad.
- It controls the output power manually by the potentiometer.
- Maximum power: 15A

# RM20 | Manual controller for 20 heating pads

## DETAILS

- Single phase manual voltage regulator for heating pads.
- Specially designed to control individually up to 20 heating pads.
- It controls the output power manually by the potentiometer.
- Signal light to indicate the on/off state for each heating pad.
- Maximum power: 15A

## TECHNICAL SPECIFICATIONS

REFERENCE	RM16 / RM20
INPUTS	-
OUTPUTS	16 / 20 Heating pads
VOLTAGE	230 V
MEASURES	222x170x86 mm
IP PROTECTION	IP56
NORMATIVES	89/392/EEC - 73/336/EEC - 73/23/EEC
